Welcome back!

I hope you've all enjoyed your August break and the wonderful Summer weather (?) and are now ready to go a further 10 rounds of bare-knuckle (no holds barred) with the B minor mass.

Autumn Newsletter

Dick Skinner has been busy, and you can pick up your newsletter from the coffee room.

Staging Riser Blocks

A reminder that Anne Shipton would be very grateful if those of you who are storing blocks could give her a note of the numbers they bear. Many thanks.

Another practice source

There are some interesting performances of the BBMM on Youtube. You can sing along, and drag the pointer back to the bits you need to repeat. You can even watch the conductor on some of them! It's quite a test, to sing at different tempi.
